

A heatmap visualization of the `ClusterEtaWidth` variable. The x-axis is labeled `LocalY` and ranges from -2 to 10. The y-axis is labeled `LocalX` and ranges from -10 to 10. The color scale on the right indicates values from 1 (dark blue) to 2 (yellow). The plot shows a grid of values with a prominent horizontal band of lower values (blue) around `LocalX = 0` and vertical bands of higher values (yellow) at the edges of the grid.
